

Shutdown but Still Enabled to Serve

Like the majority of the Country, we shut our doors on March 16<sup>th</sup> in an effort to stop the rapid spread of the Coronavirus. Since many of our clients were already struggling financially, we knew the drastic closing of businesses would impact their livelihood. As we called to check on them our primary question was how can we help? Their main response was the need for diapers and wipes. The Blessing Room stock was extremely low, but God immediately brought to mind a drive by diaper drive. One email and our faithful donors responded. It was an incredible site to see car after car drive through, pop their trunks and deliver diapers and wipes. Even with the masks, we could see everyone's smile and hear the excitement of sharing in their voice. As the clients did a drive pickup, we thanked God and all our wonderful supporters for providing.

Reopening Phase I – Seeing Pregnancy-Test Clients

From the beginning of shutdown, God led us to pray Psalm 91. Through His Word He provided confident assurance of His presence, protection and provision during this pandemic and for our reopening. Our daily prayer:

*"You Lord are our refuge and our fortress, God, in whom we trust. We stand on your promises and faithfulness to keep all of us who love you, safe from the pestilence and plaque of the Coronavirus. Anoint our lips that others will receive your salvation and shelter during this troubling time. May we give you and you alone all the glory, honor and praise for your protection in this crisis."*

As soon as the abortion clinics reopened, we felt compelled to reopen for pregnancy-test clients first as Phase I. With great team work, we were able to develop a very detailed plan for a phased timed reopening. Our number one focus has been, and will remain, safety for all. There are pre-check questions, a temperature check, and oxygen saturation testing upon arrival. We have also adhered to social distancing, masks, hand sanitizer and gloves as appropriate. A large percentage of the clients thus far have been abortion-determined. A few have chosen life, and a couple have prayed to receive Jesus as their Lord and Savior. It has been an incredible blessing to once again be in the arena of God's presence and watch Him save lives. May you also be blessed knowing lives are being saved through this ministry that you pray for and support!

Lynne with Client

## A Big THANK YOU to CPC Supporters

As a Pro-Life, non-profit 501(c)(3), Christian based corporation, we are totally dependent upon the generosity of our supporters. The cost of services provided to clients averages \$150 to \$250 each.

Those giving their time and financial aid are truly making a difference one life at a time.  
May God richly bless you!

### The Blessing From the Director Jean Killough

From 2004 thru 2019, Beltway has served 38,329 client and support group visits. Of the 6,740 clients with positive tests and at "Risk to Abort," 5,848 chose life. During this time, 2,129 individuals accepted Jesus as Lord and Savior or rededicated their life to Him. Your continued prayers and support are needed and deeply appreciated.

## Reopening Phase II – LEAP and Bible Study Classes

Our clients began to call with eager anticipation as they inquired about the reopening of LEAP classes and Bible study. It was an exciting evening when we first welcomed them back. Whether it is new pregnancy test clients or LEAP attendees, we are so thankful for everyone's cooperation. They have followed the guidelines without grumbling.

Our staff and volunteers, like Bette and Kathy, are going above and beyond any job description to make this reopening feasible. God has called some incredible dedicated individuals to serve Him by serving others in this place. Their unselfish acts of kindness enable our clients to see Jesus through them and desire to know Him personally.

LEAP Leaders, Clients & Their Guests

Bette & Kathy

## Reopening Phase III – Return to Full Service

During Phase I and Phase II, we have been supplying our client's needs with the staff selecting Blessing Room items and providing curbside pick-up. However, we have been missing and look forward to the return of a very important aspect of our ministry: while clients select their own baby items, we listen to their concerns and offer referrals and additional ways we might be of assistance. As we have said from the birth of this ministry, "If we have had any influence on a woman choosing life for her unborn child, we are obligated to walk beside her and help as much as we can." The client's continual appreciation is an extreme blessing for all who serve.

Another thing we have all missed during this social distancing is hugs. It is our common practice to hug our sisters and brothers in Christ coming and going. With their permission, we also hug our clients as we walk with them through tough times and as they leave. This is part of the normal we look forward to. We pray this comes with July 4<sup>th</sup> as we celebrate our freedom in Jesus and all He provides in America.

*So if the Son sets you free, you will be free indeed. John 8:36*

## Thanks to ALL who Serve Jesus by Serving Others!!!!

*"Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up." Galatians 6:9*
