**The Year 2020 and Covid-19 presented many challenges. However with the determination for Faith in God to reign over Fear, our people persevered and continued to serve those in unplanned pregnancies.**

Through the year, we proceeded with much prayer and cautious optimism. CDC recommendations were implemented with the primary goal of keeping everyone safe while continuing in our God given calling to save lives. One of the year's most difficult demands was giving up automatic hugs. Masks and plastic shields were added to the attire of the day. Check-in meant a list of questions with temperature and oxygen level checks. We were thrilled with the ease and compliance of both our people and clients. There was also social distancing that meant a bit of rearranging furniture and procedures. The one thing that did not change was the caring attitude toward our clients and in turn, their deep appreciation for the help received.

Another difficult thing altered was our Christmas "Happy Birthday Jesus" Party for clients and their families. This is always a fun time for everyone with dinner, games, songs, photo ops and gifting. We modified the event to see one family at a time. We were able to continue to have photo ops with their love ones, gifting and treats to have a private birthday celebration for Jesus at home.

We are all definitely looking forward to getting back to pre Covid-19 normal but at the same time are so appreciative for everyone's cooperation and ability to be flexible. Believing Romans 8:28, we know in looking back one day we will see how God is even using this horrible pandemic to draw the hurting and lost to Himself.
